W-Maple	Escallonia	Stranvaesia	Rhododendrons
W-Oak	Firethorn	Tamarix	Sarcococca
W-Pine	Forsythia	Viburnum	Skimmia
W-Plum, Flwrg.	Juniper Hetzi	Weigela	Sorbaria
W-Poplar	Laurel, English	Yew	
Spruce	Laurel, Portugal		
W-Tulip Tree	Laurestinus		
W-Willow	Lilac		

BANK OR GROUND COVER PLANTS

<u>Evergreen</u>			<u>Deciduous</u>
Ajuga reptans	Euonymus, radicans	Kinnikinin	Berberis
Arctostaphylos	" colorata	Laurel Zabelliana	Coralberry
Broom, decumbens	Gaultheria pro.	Lithospermum	Rose floribunda
" Kew	Heather	Mahonia nervosa	Rose rugosa
" Moonlight	Honeysuckle, Hall's	Nepeta	Snowberry
" Procumbens	" pileata	Pachysandra	Spirea thunbergi
Cotoneaster, con.	Hypericum caly.	Phlox sub. (per.)	
" Horizontalis	" Moser.	Sarcococca	
" humifusa	Ivy, English	Thyme	
" microphylla	Juniper, Hetzi	Vinca minor	
Cowberry	" Pfitzeriana	Viola	
	" tamariscifolia		

SHADE TOLERANT PLANTS

<u>Tall Growing</u>			
Arbutus unedo	Choisya	Philadelphus	Euonymus
Dogwood	Cotoneaster	Pittosporum	Gaultheria
Firebush	Daphne odora	Rhododendron	Huckleberry
Holly	Fatshedera	Sarcococca	Hypericum
Honeysuckle vine	Hemlock	Spiraea	Ivy
Laurel, English	Honeysuckle	Viburnum	Lily of Valley
" Portugal	Jasmine	Weigela	Mahonia nervosa
Privet	Kalmia	Yew	Pachysandra
	Kerria		Rhododendron
	Laurestinus	<u>Low Growing</u>	Sarcococca humilis
	Leucothoe	Andromeda	Spurge
	Lonicera	Azalea	Skimmia
	Mahonia	Boxwood	Vinca
	Oregon Grape	Cornus canadensis	Viola
	Osmanthus	Cow-Berry	

PLANTS SUITABLE FOR ROCKERIES

Andromeda gl.	Cow-Berry	Lavender	Spruce Alberti
Azaleas	Cypress Golden Str.	Mahonia	Teucrium
Berberis buxi.	Daphne Cneorum	Maple, Jap. cutleaf	Veronica
Berberis Irwini	Euonymus radicans	" " Red Leaf	Viburnum Davidi
Broom, decumbens	Gaultheria	Nandina	Vinca minor
Camellias	Heather	Pachysandra	Wisteria, tree form
Cedar, Weeping	Hypericum	Peach, Weeping	Yew, repandens
Cherry, Weeping	Juniper, Pfitzer	Pernettya	
Cornus canadensis	" aurea	Photinia glabra	
Cotoneaster cons.	" tamarisc.	Pine, Jap. crooked	
" horizontalis	" Squamata	" Mugho	
" humifusa	Kalmia	Raphiolepis	
" microphylla	Kinnikinin	Rhododendron dwarf	

MALMO NURSERIES CATALOG - JANUARY 1959

All of this stock, unless otherwise indicated, has been container grown and offers you the following advantages:

1. It may be moved and planted in any season, even when in softest growth.
2. It has been frequently transplanted successively from bench to pot, to one gallon, then to five gallon containers.
3. It has been given the soil compost it prefers, with balanced as well as especially-needed fertilizing at least twice each growing season.
4. It has been given increasingly more space to promote symmetrical top growth as required during the growing season.
5. It has been allowed a minimum of water in late summer so that it has hardened off for early frosts.
6. No roots have been cut, so there should be no losses whatsoever.

### RHODODENDRON

RHODODENDRON The Rhododendron is our State Flower and is probably the handsomest of the flowering evergreens. The following list is selected from prize-winning rhododendrons exhibited at leading rhododendron shows. Asterisks (\*) indicate ratings by Britain's Royal Horticultural Society. Many varieties without the asterisk are too new to have been rated, and are well worth growing. The letter after the name indicates the hardiness

NOTE: It is not possible to list here the complete inventory. Check with the Main Office for any items not included.

rating, as follows:

- (A) Fully hardy without protection.
- (B) Hardy, but needs protection in severe winters.
- (C) Must be protected in normal winters.

**\*RHODODENDRON ADRIAAN KOSTER** (B) Cream-white flowers with small red spot in throat. Early.
